Automatic Entrance Systems

AC TYPE 1 BEWATOR K-42 KEYPAD

The Bewator K-42 Codelock offers a simple but effective solution for protecting property against unwanted visitors. The K-42 supports 2 separate codes allowing one for caretakers/tradesmen and one for tenants/employees.

The keypad is compatible with most types of manual and automatic doors. Ideal as a stand alone access control system operating in conjunction with, for example, dead latch & electric strike or electromagnetic lock and a power supply unit.

User Benefits:

- No more individual keys needed to secure internal and external doors
- Unwanted visitors access can be controlled, reduce property theft from offices
- Landlords & tenants can stop unauthorised visitors into apartment blocks whilst allowing access for postmen and authorised tradesmen

Bewator K-42 features:

- 2 separate 4 digit codes
- Codes are easily set by internal links
- Door relay – one voltage free contact 2A
- Support for external time control of codes
- Opening time 1 - 30 seconds

Specification:

- Dimensions (mm): 140H X 80W X 40D
- Flush mountable with BB3 back box: overall dimensions (mm): 197H x 117W
- Power supply: 12-24v ac/dc
- Designed to meet IP54
- Temperature range: -35C to +55C
- Cast metal housing, stainless steel push buttons & back-lit keypad
- Suitable for both internal and external use
- Spy cover & rain cover options
